### Jeani Borchert

I am an archaeologist who has worked in North Dakota for the past 30 years. I previously worked for the University of North Dakota, at a contract archaeology station in Belfield, and currently work for the North Dakota Department of Transportation. I have a personal and professional interest in preserving our state's significant cultural resources and promote the understanding of cultural changes through time and across space. I was raised in northwestern Minnesota, primarily in the Red River Valley, and when I first saw the badlands of western North Dakota in June of 1979 their beauty enchanted me. In 1980 I married a man from Belfield and we started a family. We currently reside in Bismarck. I will always be grateful for what the park has given me, and wish to give back what I can through participation on the board of Theodore Roosevelt Nature & History Association.

### Rex Cook

I have lived all my life in North Dakota except for time spent in the military service during the Korean War. I was born and raised on a ranch in the badlands, taught school for twenty-six years, and also competed in rodeos in this area. I still participate in rodeos, serve on a museum board, and maintain my interest and involvement with activities of the North Dakota National Park areas. I have served TRNHA as a board member off and on for the past 16 years and would like to continue to offer my interest and enthusiasm for this organization.

**We thank you all for your support and interest in the Theodore Roosevelt Nature & History Association. If you have any comments on our decision for this 2008-2009 election we welcome your opinions.**

## TRNHA Board Election October 24, 2008

Dear Association Member,

It is once again time to vote for directors of the Theodore Roosevelt Nature & History Association. All members have the privilege to vote for the Board of Directors.

At present the Board consists of seven (7) directors. The directors serve staggered, 3-year terms. This year the terms of Jeani Borchert and Rex Cook will expire. **They are running unopposed for the directorship appointments. Our By-Laws indicate general membership elects Directors, but we have chosen not to include a ballot. We feel the money this paperwork exercise would entail is better served at the National Park and Fish and Wildlife areas we support.** The following are brief introductions to the candidates:

(continued on inside....)

The first snow of the winter fell on October 12th, allowing us to build a junior snow ranger.

## Ranger Recommends

October's featured Ranger is Joe Camisa from New York City. Joe came to Theodore Roosevelt National Park because it gave him an opportunity to visit North Dakota and to work in a Presidential Park. Before coming to Theodore Roosevelt National Park Joe worked at Eisenhower National Historic Site.

Joe recommends *The Rise of Theodore Roosevelt* by Edmund Morris. Joe says: "*The Rise of TR discusses the important events in Theodore Roosevelt's life prior to becoming the 26th President. Morris' quality of writing and scholarship is outstanding, which is evident by the Pulitzer Prize awarded for his work.*"
